Subject:	HK visit

Dear Ronnie,
First and foremost, Ehud and I appreciate very much your stay in Israel with the entire delegation during the operation Zuk Eitan as it is called in Hebrew (or war, as it did not end yet) while rockets flew even to Tel-Aviv. I really don't know a lot of people that would have sticked to us and be so courageous. It is not common and we don't forget what friendship is about.

It is still going on and gets tougher. I must admit that both sides are not angels…. We will surely discuss it when we meet.

I am very glad that we can make it to the Nobel Symposium which seems to be very interesting. We can land on October 8 and participate from the 9th. As Ehud is scheduled for the 14 and 15 for his other business activity, he=we are available for your proposals and suggestions, both participating in the Symposium, boating and meeting with people you think both sides will enjoy and benefit.

We are still in China, now in Yunnan province and learn a lot. The more we deepen our acquaintance with the amazing different people and enormous beautiful country, the more we like what we see and learn. After the official part at the end of the visit, we may have better idea of whom else we would like to meet and will be in touch with you.

As I prepare the visit to Hong Kong, I will appreciate if you could provide me with the program of the Symposium, the address where it takes place, the agenda of the boating, the lunch/dinner and any other detail. It is not so much that I need it now, but we have the Israeli security details that are coming with us (on their own expenses and means) but they have to get maximum information asp.

We are delighted to meet both Barbara and you again so very soon,

thanks,
yours,
Nili Priell Barak
